I. PREDICATION

Investigation reflected herein was conducted as a result of Departmental letter to the Bureau dated September 22, 1953, requesting a full scale investigation into possible violations of the Antitrust Statute by National Linen Service Corporation (referred to hereinafter as National Linen), 445 Highland Avenue, N.E., Atlanta, Georgia, for the period since 1928 to 1953.

\* \* \* \* \*

This investigation was conducted by the following Agents and the reporting Agent: ~~RICHARD W. HILL, J. WILLIAM LOVE, WILLIAM B. SLOAN, JOHN W. ROBINSON, JOSEPH F. SULLIVAN, KENNETH W. WHITTAKER and CHARLES J. WYLAND.~~

II. INTERVIEW OF I. M. WEINSTEIN, PRESIDENT

I. M. WEINSTEIN, President of National Linen, was interviewed on October 16, 1953, and he advised he had been expecting an investigation of National Linen because of recent investigations of linen and laundry companies in the New York City area and that corporation records were readily available for review.

WEINSTEIN stated that he first came to Atlanta, Georgia, in 1908 to establish Merchants Towel Supply Company for FRED MCGONNIGAL of Cleveland, Ohio. On April 1, 1919, Atlanta Linen Supply, the first unit of the now National Linen was formed by WEINSTEIN and HERMAN GROSS. As this business expanded during the following year, WEINSTEIN and GROSS sold a one-third partnership interest in the business on August 19, 1920, to A. J. WEINBERG. In 1922 GROSS sold his interest in the business to J. B. JACOBS. Business operations were thereafter expanded and plants were opened in Birmingham, Alabama, Savannah, Georgia, and Chattanooga, Tennessee. In 1927 Atlanta Linen Supply was dissolved and the Southern Linen Supply Corp. was formed. The expansion program under the new corporation continued and new plants were opened in Winston-Salem, N. C., Miami and Jacksonville, Florida, New Orleans, Louisiana, and Mobile, Alabama. Operations under the above corporation expanded until August, 1928, when the present National Linen was formed. During the progress of the business venture of WEINSTEIN, WEINBERG and JACOBS no new partners were taken into the business. Following the formation of National Linen, S. H. VICKNAIR and B. C. McCLELLAN, both of New Orleans, Louisiana, joined the new corporation as officers and/or as member of the Board of Directors. McCLELLAN, prior to this time, had been associated with the Atlanta Laundry, Inc., Atlanta, Georgia, and the New Orleans Laundry, Inc., New Orleans, Louisiana. Also joining the corporation were GEORGE T. ROBINSON, Vice President

of the Canal Bank & Trust Company, New Orleans, Louisiana, SIDNEY W. SOUERS, Executive Vice President of the same bank, G. B. TIDWELL, G. H. FAUSS and H. J. HAAS.

In 1929 the Empire Manufacturing Company, Atlanta, Georgia, was acquired by National Linen to manufacture all garments and service items used in the linen supply business. By 1945 National Linen was operating 26 plants. As of November 1, 1953, 43 plants were in operation from California to Florida exclusive of the corporation's garment and soap plant.

WEINSTEIN described the business as a "give and take business" and stated National Linen had always endeavored to give its patrons lower prices ~~for its service~~. In many instances, National Linen can pass on to the customer the benefit of the corporation's low cost of operation and equipment because of the volume in which it purchases or produces service items. He said the corporation treats its employees fairly and is fair to the trade as a whole. Progress of the corporation is based on an efficient and honest effort on the part of all.

WEINSTEIN related that the linen service business is highly competitive and when a new competitor begins business it normally takes away some of the National Linen business in addition to acquiring new business. When a competitor steals away or otherwise takes over business held by National Linen by price cutting or by offering free service National Linen must do something to recapture this lost business. WEINSTEIN stated that small companies spring up and are not experienced in the linen service business and then later complain about their operating loss and have to fold up. National Linen, he continued, has always operated "above board" and on an ethical basis. No free service has been given to customers to WEINSTEIN'S knowledge. WEINSTEIN related that when someone cuts prices to obtain business National Linen will also cut its prices where necessary to keep or regain lost customers. Prices normally will vary in different sections of the country (California and Florida) irrespective of price wars because of a higher wage scale and seasonal business. When a competitor expresses a desire to terminate business operations WEINSTEIN said that National Linen will offer to buy them out. This means, of course, the buying back of business National Linen formerly had but also brings to the corporation new business. WEINSTEIN continued that the corporation's policy was not to force the competitor out of business to eliminate competition. In this regard, the corporation has no written policy as such. He said that plant managers and employees know the corporation's policy concerning its sales promotion and service from verbal instructions passed on by telephone, at district managers meetings or at annual meetings of salesmen, route men, and managers. Each plant manager, however, formulates local policy generally in his plant. His responsibility is to maintain and increase business where possible, to make a

profit and to combat local competition in whatever way he deems necessary. Any unusual problems may be taken up with the corporate officers and directors at the home office in Atlanta, Georgia.

WEINSTEIN stated in regard to the corporation's expansion program since its inception in 1928 that he had personally loaned money to employees and associates to buy stocks in various linen and laundry businesses through the years when National Linen could not buy stocks of a particular business or an interest in a company. National Linen in this way, he said, could later take over the stock of various individuals and absorb the particular business because of its majority stockholdings. This plan was frequently used by the corporation ~~with the understanding that National Linen could acquire the stock of the employees~~ and associates at their original cost plus interest on the investment.

To further the above plan, the United Syndicate was formed in 1939 by WEINSTEIN and corporate officials and directors and others not officially associated with National Linen to acquire the preferred stock of United Linen Supply Company, Los Angeles, California, which stock was the voting stock.

The following are individuals who contributed funds to United Syndicate for the purpose of acquiring stock in the United Linen Supply Company:

A total of 11,445 shares of Class A preferred stock and 9,792 shares Class B preferred stock of United Linen was purchased by the Syndicate in 1939 for \$431,050.95. This stock was sold in 1942 to Linen Service Corporation of Texas at cost plus interest. Linen Service Corporation of Texas was subsequently merged into National Linen in 1947. WEINSTEIN stated that National Linen currently holds 99 per cent of the stock of United Linen. National Linen as of November 1, 1953, according to WEINSTEIN (and corporate records) holds no stock in any other linen or laundry business.

WEINSTEIN stated that in addition to being President of National Linen as well as a Director, he is also President and a Director of Consolidated Laundry, Inc., New York City, and President of United Linen Supply Company, Los Angeles, California.

It will be noted that for several years prior to the merger with National Linen that WEINSTEIN was also President and a Director of Linen Service Corporation of Texas whose headquarters were in Atlanta, Georgia, and whose operations were in several of the larger cities of Texas. WEINSTEIN was also President and a Director of Galland Linen Supply Company of San Francisco, California, until its merger with National Linen in 1948. Merger of Linen Service Corporation of Texas with National Linen occurred in 1947.

### III. ORGANIZATION OF NATIONAL LINEN

National Linen was organized by SIDNEY W. SOUER, then a resident of New Orleans, Louisiana, under the laws of the State of Delaware on August 20, 1928. The corporation's principal office was located at Wilmington, Delaware. The corporation was also to maintain offices in Atlanta, Georgia and New Orleans, Louisiana and at other places from time to time as business may require.

The authorized capital stock of the corporation was 200 shares of common stock of no par value and 25,000 shares of preferred stock of no par value with \$7.00 accumulative dividend per share per annum. The original officers of the corporation were as follows:

I. M. WEINSTEIN, Executive Vice President  
J. B. JACOBS, Secretary  
A. J. WEINBERG, Treasurer  
B. C. McCLELLAN was Chairman of the Board of Directors, which consisted of J. B. JACOBS, GEORGE W. ROBERTSON, T. A. MARTIN and L. B. HUBERT.

National Linen was an outgrowth of the merger of Southern Linen Supply Corporation, Atlanta, Georgia, Atlanta Laundries, Incorporated, Atlanta, Georgia, and New Orleans-Laundries, New Orleans, Louisiana. Prior to the formation of National Linen, SOUERS on July 27, 1928 entered into an agreement with (1) Southern Linen Supply Corporation, a Delaware Corporation, domesticated under the laws of the State of Georgia; (2) Laundry and Dry Cleaning Service, Incorporated, organized and existing under laws of the State of Maine, and (3) Atlanta Laundries, Incorporated, a Delaware Corporation domesticated under the laws of the State of Georgia with an office located in Atlanta, Georgia in which the three corporations offered to sell and transfer to National Linen (not yet formed) all machinery, equipment and other properties used in their linen supply.

Under the terms of the above agreement National Linen acquired effective as of the close of business August 31, 1928 all assets including good will owned by Southern Linen Supply Corporation and its subsidiary companies, Atlanta Laundries, Incorporated and Laundry and Dry Cleaning Service, Incorporated in connection with the operation

AT 60-149

of its towel and linen supply branches. National Linen also assumed the liabilities of Southern Linen Supply Corporation and its subsidiaries to a certain extent, but assumed no liability insofar as the other two organizations were concerned except for employment contracts and leases.

Payment for the business and assets acquired was made through issuance of no par value preferred stock of National Linen based on a valuation of \$100.00 per share. The purchase price of the businesses acquired was determined in the following manner:

For permanent assets, such as machinery and delivery equipment, an amount of stock equal at \$100.00 per share to sound values as appraised by the American Appraisal Company (location of company unknown).

The real estate and building occupied by Office Towel and Linen Supply Branch of Laundry Dry Cleaning Service for 200 shares of preferred stock, irrespective of appraisal value. For cash and accounts receivable, an amount of preferred shares equal at \$100.00 per share to the amount of cash transferred and the total amount of accounts receivable assigned and guaranteed. For good will and all remaining assets including linens, cabinets, supplies, prepaid expenses, etc., an amount of stock equal at \$100.00 per share to twelve times the amount of shares for the month of June 1928 except for certain new linen held in storage for another of the branches of Laundry and Dry Cleaning Service, Incorporated valued at \$33,498.62 to be paid for in cash. From the stock issued to Southern Linen Supply Corporation, an amount of \$100.00 per share to the total amount of liabilities assumed for account of that company and its subsidiaries were deducted.

The agreement provided that the common stock of National Linen issued in connection with the merger should be divided as follows: Southern Linen Service Corporation and subsidiaries, 50,000 shares; Atlanta Laundries, Incorporated and Laundry and Dry Cleaning Service, Incorporated, 50,000 shares; SIDNEY W. SOUERS, 50,000 shares.

AT 60-149

It will be noted that in regard to the above division of stock that T. G. WARE, presently Secretary-Assistant Treasurer — of National Linen, advised that as events turned out relative to the share of 7 percent bonds, that SOUERS did not have to use all of the above 50,000 shares of stock and that the unused balance, in an unknown quantity, accrued to SOUERS free of charge for underwriting the bond issue.

A copy of a memorandum relative to a conference held in the office of SOUERS at New Orleans, Louisiana on July 21, 1928 regarding the proposed merger referred to above has been designated as exhibit No. I. A copy of an agreement ~~relative to voting trust certificates between Southern~~ Linen Supply Corporation, Atlanta Laundries, Incorporated, and Laundry and Dry Cleaning Service, Incorporated, has also been included in this exhibit. A copy of the contract between SOUERS and the three corporations above mentioned dated July 28, 1928 is not available in the files of National Linen.

On or about September 1, 1928 following completion of an audit of the three above companies National Linen was authorized to issue (1) 15,858 shares of preferred stock to Southern Linen Supply Corporation, in payment of its assets (which were the entire capital stock and business of the eleven companies owned and operated); (2) 1,758 shares of preferred stock to Atlanta Laundries, Incorporated for assets and its linen supply business; (3) 2,834 shares of preferred stock in payment of certain assets and the linen supply business of Laundry and Dry Cleaning Service, Incorporated; (4) 50,000 shares of common stock to Southern Linen Supply Corporation; (5) 50,000 shares of common stock to Atlanta Laundries, Incorporated and New Orleans Laundries, and (6) 50,000 shares common stock to SIDNEY W. SOUERS and his assigns.

I. M. WEINSTEIN, President and a Director of Southern Linen Supply Corporation, and holder of 2,940 shares of the corporation's capital stock, became the President of National Linen as above stated.

Records reflect the contract between SOUERS and the above organizations dated July 27, 1928 and the minutes of the meetings of stock holders and directors of Southern Linen Supply Corporation authorizing the execution of said

T. G. WARE, Secretary-Assistant Treasurer of National Linen, advised the function of the Finance Committee is to consider and study all matters of finances relating to National Linen and report its findings to the Board of Directors.

The Executive Committee, according to WARE, is designated by the majority of the Board of Directors and has authority to act on all corporate matters requiring executive attention that may arise between annual Board of Directors meetings with the exception of amending corporate bylaws.

V. SALESMEN, ROUTE MANAGERS AND DRIVERS

National Linen operates 45 plants throughout the southern states from California to Virginia and employs approximately 6,000 people in all phases of the corporation's operations. This total includes 100 salesmen, 1,178 route men, and 190 route managers. Set forth in schedule form (exhibit No. 2) are names and addresses of salesmen, route men and route managers, by plant as reflected by payroll records from January 2, 1952 through October 21, 1953.

T. G. WARE advised payroll records for all plants prior to 1952 are in storage and not readily available.

Inasmuch as approximately 8,500 payrolls covering the weekly pay periods from January 1, 1949 through December 31, 1951 remain to be located and removed to the headquarters office of National Linen no further action is being taken at this time to review these records.

VI. GROSS ANNUAL BUSINESS FROM 1945 TO 1953

Audit reports for the years 1945 through 1953 prepared by the R. V. Whittaker Company, New Orleans, Louisiana, public accountants, have been examined and the following is gross annual business of National Linen in dollars for these years as reflected by the audit reports.

1945.....	\$10,047,536.55

B. Stockholders

Authorized photographs of active and closed stock records of National Linen on file with the (1) First National Bank, Atlanta, Georgia, transfer agent for corporation's preferred stocks since 1946, (2) the Trust Company of Georgia, Atlanta, Georgia, transfer agent for the corporation's common stock since 1937, and for the preferred stock until 1946 and (3) the Canal Bank and Trust Company, in liquidation, New Orleans, Louisiana, transfer agent for all of the corporation's

stocks from 1928 to 1953 were obtained and have been designated as Exhibit #3.

Investigation reflected that the Canal Bank and Trust Company was the original transfer agent for National Linen stocks, however, when the bank went into liquidation in 1933 the National Bank of Commerce, New Orleans, Louisiana, was appointed transfer agent. The National Bank of Commerce, whose National Linen stock records are now in possession of the Canal Bank and Trust Company, in liquidation, was transfer agent for National Linen until 1937 when The Trust Company of Georgia, Atlanta, Georgia, was appointed transfer agent.

JOHN F. FINKE, Receiver of the Canal Bank and Trust Company, in liquidation, stated that the stock transfer records of the Canal Bank and Trust Company and the National Bank of Commerce had been tied up in litigation in Federal court in New Orleans, Louisiana, for a period of four or five years. He stated the question before the courts, as he understood it, was one of division of shares of common stock in National Linen between a company known as the Atlanta Laundry in Atlanta and the Crescent City Laundry in New Orleans. He stated this question has been resolved, and that records of stock transfer are now in his possession.

XII. CORPORATE MINUTES; CORRESPONDENCE FILES, AND MISCELLANEOUS DOCUMENTS  
REVIEWED 1928 TO 1953

A. National Linen

Minutes of the Board of Directors meetings, committee and stockholders meetings, correspondence files and related documents of National Linen from 1928 to 1953 were reviewed and acts of a pertinent nature to this investigation noted. Major activities of the corporation have been treated separately under the various sections of the report. Acquisition of numerous linen businesses throughout the Southern States and expansion of territory served by the corporation have been its major objectives since its inception. ~~Matters of finance, disposition of stock in some instances, restrictive agreements with sellers of linen businesses and with employees, together with the general service operating practices of the corporation have also been of prime importance~~ as evidenced by numerous lawsuits in which National Linen and/or its officers and Directors have been a party. Several lawsuits will be identified and referred to generally in Section XIII-B of this report. Records reflect no specific information that National Linen allocated customers or divided a designated territory with other linen suppliers.

No indication of acquisition of customers from or loss of customers to other linen suppliers was noted, however WEINSTEIN and WARE ~~inferred in interviews~~ with them that free service, lower prices, purchase of businesses and other means were resorted to in a particular area where necessary to maintain or regain its customers as well as to acquire new customers.

It will be noted that WEINSTEIN in the initial interview with him stated that the corporation at no time, to the best of his knowledge, had ever given free service or had resorted to any unethical practices to retain, recover or acquire customers.

S. H. VICKNAIR, formerly an officer and director of National Linen, stated free service had been given by National Linen in Texas.

WEINSTEIN and WARE also stated businesses were acquired by National Linen by financing others in the purchase of a business after an agreement had been obtained with the person that National Linen could take over the business or business interest from them within a designated time or at its option at any future date.

In this regard, minutes of the quarterly meeting of the Board of Directors dated October 19, 1943, reflect that VICKNAIR and his wife BERNICE were authorized by National Linen to buy the Linen Service Company, Atlanta, Georgia. National Linen had an agreement with VICKNAIR to acquire the business from him at any time within three years therefrom. Minutes of a Board of Directors meeting dated February 24, 1945, reflect that National Linen exercised its option to purchase the Linen Service Company from VICKNAIR.

A copy of minutes reflecting the above as well as other records to be referred to hereinafter in this section have been made and designated as exhibit # 4.

It will be noted records reflect United Syndicate was formed by officers and directors of National Linen and others for the express purpose of buying the voting stock of United Linen Service Company, Los Angeles, California. Through the subsequent sale by the Syndicate of its United Linen Service Company holdings and the long term plan of National Linen to merge Linen Service Corporation of Texas with National Linen, National Linen was able to control United Linen Service Company which was a major linen service company in Los Angeles, California.

I. M. WEINSTEIN as well as other officers and directors, according to WEINSTEIN, have purchased stock in linen or laundry type businesses in numerous instances in their own name, in relatives names, fictitious names or in the name of another person in order to gain an interest or holdings in various businesses which <sup>shares</sup> were by agreement to be subsequently made available to National Linen.

Minutes of a Board of Directors meeting dated October 19, 1943, refer to a purchase of 25,994 shares of Consolidated Laundries, New York City, New York, by Directors I. M. WEINSTEIN, A. J. WEINBERG and J. B. JACOBS, and an offer by these officials to make this stock available to National Linen.

Further indication of the above practice is reflected in minutes of a Board of Directors meeting dated April 17, 1945, when a resolution was adopted relative to the purchase of 7,000 shares of the 25,000 outstanding shares of common stock of Galland Mercantile Laundry Company (Galland Linen Service), San Francisco, California, with the understanding that National Linen may at any time purchase Galland stock being purchased personally by I. M. WEINSTEIN.

Records do not reflect the specific identity of all instances where such activity has taken place except as treated elsewhere in this report.

In several instances where complaints have been lodged against National Linen relative to its business activities lawsuits have been filed.

By letter dated March 22, 1950, to the Raleigh Linen Service, which is an affiliated company of National Linen, WILLIAM A. DEES, JR., attorney for Sineath Inc., Goldsboro, North Carolina, made specific reference to derogatory remarks about Sineath, Inc., reportedly made by Mr. DUKE of the Raleigh Linen Service to operators of Rogers Jewelry Company, Raleigh, N. C., which remarks in effect conveyed the idea Sineath, Inc., would soon be going out of business. Similar remarks reportedly were made by National Linen representatives to operators of Barwick Tourist Camp, Goldsboro, N. C. DEES letter further mentioned price cutting by Raleigh Linen Service and an offer of free service to barber shops using the company's (Raleigh Linen) service in Freemont, N. C. Mention was also made in the letter of price cutting to the Dixie Lunch and to the Wayne Restaurant in Goldsboro, N. C.

No further information in this regard was located in the files of National Linen.

By letter to National Linen dated February 25, 1948, FRANK M. TATUM, 1002 West Pine Street, Hattiesburg, Mississippi, a stockholder of National Linen, complained about the merger of Galland Linen Service Company with National Linen stating that his objection was based on the fact that it was not a fair exchange with National Linen paying to Galland nearly \$200,000 more than the assets of that company were worth. The letter also pointed out the fact that the Board of Directors reportedly did not recommend the action.

By letter to I. M. WEINSTEIN dated May 10, 1949, MAURICE A. WEINSTEIN, attorney for Southern Linen Service, Inc., trading as Local Linen Service Company, Charlotte, North Carolina, stated that information had come to the attention of his client that certain representatives of National Linen had been making statements to customers of Local Linen Service deemed to be defamatory. The letter pointed out that evidence in MAURICE WEINSTEIN's possession indicated certain statements had been made impugning the financial reliability of Local Linen Service and further that representative of National Linen had been asserting that Local Linen Service was begging National Linen to buy it out.

AT 60-149

CHARLES D. BOLIN, St. Louis Crystal Water and Soda Company, 704 South Boyle Avenue, St. Louis, Missouri, which company was a stockholder of United Linen Service Company in a letter to HAROLD LARSON, attorney for United Linen dated March 27, 1947, expressed concern over his investment. He related information had come to his attention that United Linen was diverting its business to another company in which officers of United Linen were possibly interested in a financial way. BOLIN also expressed the opinion that action in the above and other matters affecting the operation of United Linen had not been done by the present management of United Linen. A copy of the above four letters have been included in exhibit # 5.

~~Instances of dissatisfaction of price increases and services~~  
of National Linen were noted, however, after careful consideration of the facts in each instance, complaints were considered to be normal and not unusual for a service industry.

In some instances adjustment of prices were made by National Linen. In this regard, complaints of high prices were many, however, there was no indication that prices charged were due to the inability of the customer to change to or obtain another supplier.

Records reflect the following loans totaling \$219,000 were made to National Service Corporation of Texas from 1939 to 1946:

<u>Date</u>	<u>Amount</u>
9-20-39	\$25,000
11-30-39	30,000
12-4-39	10,000
3-1-40	30,000
4-15-40	10,000
5-2-40	50,000
5-5-40	5,000
5-19-40	5,000
6-4-40	2,000
9-10-40	20,000
10-30-41	2,000
2-20-46	30,000
	<u>\$219,000</u>

All of the above loans were repaid in cash or through the issuance of Linen Service Corporation stock to National Linen.

It is pointed out in regard to Linen Service Corporation of Texas, in particular, that loans by National Linen to Linen Service Corporation of Texas appeared to be made just before the capital stock of Linen Service Corporation was increased on various occasions. After the increase of capital stock, National Linen would then take an option to buy several thousand shares of stock from Linen Service Corporation of Texas in an amount equal to or exceeding the amount of Linen Service Corporation indebtedness to National Linen. The loan was thereafter repaid by Linen Service Corporation of Texas simultaneously without exercising the National Linen option to purchase its stock.

~~Minutes of a Board of Directors meeting of National Linen dated January 18, 1940 (exhibit # 6) in the above regard should be noted.~~

Meeting

Minutes of a Finance Committee dated November 12, 1946, reflects action of a similar nature to the above occurred in regard to Galland Linen Service Company when a loan of \$80,000 to Galland was approved. Minutes of a Board of Directors meeting dated July 15, 1947, reflect a proposal to merge Galland Linen with National Linen, National Linen at that time owned 66,500 shares of common stock of Galland. I. M. WEINSTEIN also owned 20,000 shares of common stock along with an undisclosed number of shares bought by WEINBERG, JACOBS, J. I. RADY and HERMAN GROSS who are also officers and/or directors of National Linen.

Two \$10,000 loans were made to United Linen Service Company on December 28, 1951, and September 18, 1952, and repaid on December 31, 1951, and September 26, 1952, respectively.

A note of Galland Linen Service in the amount of \$30,000 at the First National Bank, Atlanta, Georgia, was taken over by National Linen on March 31, 1947.

AT 60-149.

The common stock of no par value was sold at \$1.00 per share and the amount of these subscriptions by individuals represented an equal number of shares owned by these persons in National Linen. The number of shares thus to be issued was 92,744 shares.

National Linen made the following additional purchases of common stock of Linen Service Corporation of Texas at \$1.00 per share:

(1) July 5, 1939	90,000 shares
(2) October 23, 1939	125,000 shares
(3) February 28, 1940	100,000 shares

National Linen from 1938 through 1940 purchased a total of 480,791 shares of common stock of Linen Service Corporation of Texas at \$1.00 per share.

In 1939 a registration statement was filed with the Securities and Exchange Commission by Linen Service Corporation of Texas for the sale of 400,000 shares of common stock. By amendment, the number of shares to be sold was subsequently reduced to 250,000 shares. After the effective date of the registration, each stockholder of Linen Service Corporation of Texas, other than National Linen, was permitted to purchase at \$1.00 per share, eleven additional shares of common stock of the corporation for each twenty-five shares owned. The remainder was offered to employees and the public generally. A total of 199,995 shares were sold from May, 1939 to June, 1939.

AT 60-149

During the ensuing years until 1947 when the corporation merged with National Linen, Linen Service Corporation of Texas, expanded its operation in the States of Texas and Oklahoma by acquisition of numerous linen businesses. One A. M. GROSS, now deceased, acting as agent for Linen Service Corporation of Texas, was instrumental in the purchase of several companies absorbed by Linen Service Corporation of Texas. WARE advised in this regard that GROSS (apparently portraying himself as an individual buyer to operate his own business) had successfully closed deals where owners had previously refused to sell to National Linen or Linen Service Corporation of Texas.

In 1939, ~~5,000 shares of common stock were delivered to GROSS in~~ payment of services rendered to Linen Service Corporation of Texas. The above stock was valued at \$5,000.

In 1940, 25 shares of preferred stock were issued to GROSS in payment for services rendered to Linen Service Corporation of Texas. These shares were valued at \$2500.00.

Schedules reflecting the identity of companies purchased by Linen Service Corporation of Texas are set forth on page 62, Section X-A of this report.

Correspondence files, minutes, and related records pertaining to Linen Service Corporation of Texas were reviewed and copies of pertinent records relating to the following matters, which are not being treated individually in this report, have been obtained and made a part of Exhibit # 7 .

XIII. AGREEMENTS AND RESTRICTIVE COVENANTS:  
LAW SUITS

A. AGREEMENTS AND RESTRICTIVE COVENANTS

National Linen agreements with sellers in regard to linen businesses purchased have been similar in makeup throughout the years of its existence. Each agreement contains or has attached to it a restrictive covenant signed by the seller which includes the following or similar provisions.

That for a period of ten (10) years from the date of the instrument they will not, for themselves, or on behalf of, or in conjunction with any other person, persons, partnership, or corporation, directly or indirectly, solicit, call for, and/or deliver towel and linen service to any of the customers of \_\_\_\_\_, a list of which customers is attached to the agreement dated \_\_\_\_\_, and made a part of the instrument, nor disclose to any person, persons, partnership, or corporation, the names of the customers on said list, nor the amount of business being done with any of them.

That for a period of ten (10) years from the date of the instrument, they will not, for themselves, or on behalf of, or in conjunction with any other person, persons, partnership, or corporation, directly or indirectly, solicit, divert, or take away any of the customers or business or patronage of party of the second part in the County of \_\_\_\_\_, or in any other County in which parties of the first part have conducted their business, or within a radius of \_\_\_\_\_ miles of \_\_\_\_\_ County.

That for a period of ten (10) years from the date of the instrument, they will not, for themselves, or on behalf of, or in conjunction with any other person, persons, partnership, or corporation, directly or indirectly, engage in any business under the name \_\_\_\_\_ (name of business being bought by National Linen) within a radius of \_\_\_\_\_ miles of said \_\_\_\_\_ County.

AT 60-149

That for a period of ten (10) years from the date of the instrument they will not, directly or indirectly, engage or become interested, financially or otherwise, as officer, director, stockholder, agent, employee, manager, owner, partner, financial backer, or creditor, in the towel and linen service business in \_\_\_\_\_ County; or within a radius of \_\_\_\_\_ miles of said County, except as a stockholder of party of the second part.

The parties to the covenant expressly understand that the obligation of each of the parties executing the restrictive covenant will be several as well as joint, and that the invalidity of any of the undertakings of any one of the said parties executing the restrictive covenant and/or the invalidity of any one of said covenants, shall not affect the validity of the restrictive covenant agreement as to the other party, or the validity of the other covenants of the restrictive covenant agreement and further that the provisions of the contract shall extend to the successors and assigns of National Linen.

AT 60-149.

Copies of bills of sale and restrictive covenants relative to the following purchases of business by National Linen have been obtained for future reference and study and are designated as exhibit No. 9:

✓ Connersville Laundry and Dry Cleaners, Inc.  
United Linen Supply Company  
Southern Linen Supply Company  
Independent Linen Company  
McEwen's Linen Supply Company  
Pine Burr Linen Service  
Capital Linen Service Company  
Sunshine Laundry Company, Inc.  
Florida Linen Supply and Columbia Steam Laundry  
Atlanta Linen Supply Company (agreement between HERMAN GROSS and JESSIE GROSS, first party, and I. M. WEINSTEIN and A. J. WEINSHOG, second party.)  
Independent Linen Service Company, Inc., Birmingham, Alabama (Declaration of organization, minutes and related events leading up to purchase by National Linen.)

In addition to the above agreements and restrictive covenants in connection with the purchase of a business, National Linen also obtains restrictive agreements from its employees. Employee agreements in part restrict the employee, after his employment has been terminated for any reason, for a period of from one to three years for himself or on behalf of another person or company, from selling, diverting or taking away customers or business patronage of National Linen or from calling for or delivering towels, etc., to any such customers in a specified territory or for a designated number of miles from a plant, territory, county, or state in which National Linen does business, or to disclose any of the names or addresses of customers served by National Linen.

The above type agreement was in use by National Linen as of 1950.

Files reflect that as of March 1951 PEYTON M. RICHARDSON employed by the Greenville Linen Service (National Linen), Greenville, South Carolina until December 12, 1950, allegedly became affiliated with one JOHN HUTCHINS, laundry superintendent for the Star Laundry and Dry Cleaners, Greenville, South Carolina, to enter the linen supply business in Greenville and that RICHARDSON was soliciting accounts for the proposed new business in the Greenville area as of the above date. One customer of Greenville

AT 60-149

Linen Service reportedly had already been secured in violation of the above restrictive covenant. Violation of the agreement was pointed out by National Linen to RICHARDSON in letter to him dated March 10, 1951 wherein the company also advised him that further action would be taken by National Linen if he did not cease and desist from further violations of his agreement.

A copy of the complete restrictive agreement between National Linen and D. H. HODGES, employee of Atlanta Linen Supply Company, dated March 12, 1930, and EUGENE M. MITCHELL, Atlanta Linen Supply Company, dated March 17, 1937, are representative of employee agreements used by National Linen (exhibit No. 10).

#### B. LAW SUITS

National Linen and/or its officers and directors have been a party to numerous law suits since 1928 and no attempt is being made in this report to identify all suits, however, the following are suits believed to be representative of the type in which the corporation has been involved. Copies of pertinent documents pertaining to these suits have been designated as exhibit No. 11.

1. National Linen vs. Malcolm S. Newman  
Superior Court, Mecklenburg County  
Charlotte, North Carolina - 1948

This suit arose as a result of a contract or agreement between National Linen and NEWMAN (of the general type mentioned above) after NEWMAN left the employment of National Linen and subsequently opened his own business in Charlotte, North Carolina in August 1948.

The judge in this case held that the contract or agreement was too broad both as to territory and as to time.

2. National Linen vs. Dempsey Porter Mahathey  
dba Porter Linen Service, West Palm Beach, Florida

This case is similar in nature to No. 1 above.

AT 60-149

3. Texas Linen Service <sup>not</sup> (affiliated with National Linen)  
vs. Corpus Christi Linen-Service, Inc.  
Civil Action No. 1058 (9-22-52)  
Southern District of Texas, Corpus Christi, Texas

This suit alleges in substance that Corpus Christi Linen Service, Inc., a subsidiary of National Linen, has endeavored to eliminate Texas Linen Service as a competitor by offering long periods of free service, price cutting and price discrimination. As a result of these alleged actions Texas Linen Service claimed damage in the sum of \$30,000.

The final outcome of this case had not been determined as of December 1, 1953 according to T. G. WARE.

4. Daylight Laundry, Inc., Atlanta, Georgia  
vs. T. A. MARTIN, D. C. KNIGHT, National Linen,  
Etal, Fulton County Superior Court, Atlanta,  
Georgia, 1930, Docket 86049

Complete data relative to this suit was not available in files of National Linen, however, the plaintiff's complaint has been obtained and furnishes background data surrounding the early business activities of National Linen and affiliated companies relative to the acquisition of and/or alleged elimination of competitors in Atlanta, New Orleans and the surrounding areas.

The plaintiff charged that National Linen, etc., were planning and scheming to acquire a monopoly of the linen service business in Atlanta and vicinity and in New Orleans, Louisiana and vicinity through contracts, the exchange of stocks and other unlawful and illegal methods. Violations of the Clayton Act were charged. The contracts, agreements and combinations by the Atlanta Laundries, Inc., New Orleans Laundries, Inc., National Linen and the Empire Manufacturing Company were alleged to constitute an illegal combination, trust and conspiracy and restraint of trade and commerce among the several states in violation of the Sherman Antitrust Act.

Final action in this case was not reflected in the files of National Linen.

AT 60-149

5. National Linen vs. PERCY S. STORY  
Circuit Court of 13th Judicial Circuit of -  
Hillsborough County, Florida, Docket 39161-C

This case involves an employee's agreement with National Linen and is similar to No. 1 above under this section. In this case the judge ordered that the defendant be enjoined and restrained in behalf of any person, company, etc. from calling for or delivering towels, etc. or to directly or indirectly solicit or attempt to solicit towel or linen supply business from any person in Hillsborough County, Florida and from using or attempting to use route lists and addresses of customers of National Linen in Hillsborough County, Florida.

6. Alamo Linen Service, Houston, Texas  
vs. National Linen, etal (officers and directors)  
United States District Court, Southern District  
of Texas, Houston, Texas, 6-12-51

In this case the petitioner alleged in substance that National Linen violated the Sherman Antitrust Act in that it aspired to obtain or attempted to obtain a monopoly in the linen service trade in the state of Texas and particularly Houston, Texas in restraint of the free flow of trade. In furtherence of this scheme or plan National Linen allegedly cut its prices below the point at which a normal or reasonable profit could be made. Through such actions followed by teams of salesmen in the Houston area, National Linen worked toward eliminating or buying out its competitors.

The outcome of this case was not determined from available records of National Linen.

7. Mrs. ODILE V. TUCKER vs. National Linen

This case has been in the various courts for several years and has been carried to the Supreme Court of the United States.

No comment relative to the facts of this involved case is being made and it is being referred to in this report for reference purposes. Copies of available briefs filed with the United States Court of Appeals, 5th Circuit (14080) and the Supreme Court of the United States (835) has been designated as exhibit No. 12 of this report.

(3) FORMS OF CONTRACTS CURRENTLY IN USE WITH CUSTOMERS

(See next page)

(1) TRADE ASSOCIATIONS

National Linen is currently a member of the Linen Association of America, Chicago, Illinois.

According to I. M. WEINSTEIN, membership is maintained in this association in order that the corporation may have representation in Washington, D. C. on legislation affecting the linen industry. WEINSTEIN related that National Linen was formerly a member of the Southwestern Linen Supply Association at Dallas, Texas; however, withdrew its membership a few years ago because the corporation was not in agreement with the association's policies.

(2) ANNUAL REPORTS TO STOCKHOLDERS

✓ Annual reports of National Linen from 1936 to 1953, inclusive, together with annual reports of Linen Service Corporation of Texas for the years 1940 through 1946, Galland Linen Service Company for the year 1947, and United Linen Service Company from 1940 through 1948, and for the year 1953, have been obtained and designated as Exhibit 8.

WARE advised he was unable to locate annual reports to stockholders prior to 1936 for National Linen, nor additional reports for the other companies mentioned above.

(3) FORMS OF CONTRACTS CURRENTLY IN USE WITH CUSTOMERS

WARE made available customers' contract forms currently used by Atlanta Linen Service, Atlanta, Georgia; Galland Linen Service, San Francisco, California, and City Linen Service, Los Angeles, California, and all reflect the following agreement substantially:

"We/I \_\_\_\_\_, address \_\_\_\_\_, agree to rent and receive and be responsible for such linens left in my/our possession by loss or by fire and the \_\_\_\_\_ Linen Service agrees to deliver and furnish all of our requirements and needs of our business in the following linen in good laundered conditions, at prices indicated in this contract for one (1) year from date, deliveries to be made weekly or oftener as required. Either party may discontinue the said service after the said period has expired, by giving thirty days written notice to the other, before such period expires, but unless so discontinued, the said contracts shall be renewed for a similar period and on the same terms.

AT 60-149

WARE stated each plant maintains its own individual customer contracts and that the contracts reflecting the individual plant name were of the same general type. WARE commented that the agreement with customers could (actually) be broken at any time by the customers merely be claiming poor, inadequate, or unsatisfactory service by the company. The agreements are not binding or legal under some State laws; however, National Linen still endeavors to obtain the agreements.

✓ The above mentioned contract forms have been included in Exhibit 8 .

(4) CONTRACTS AND LABOR UNIONS

Files reflected no contracts between National Linen and any labor union.

WARE stated, however, service employee groups in various plants were organized and were members of local labor unions.

The following plants currently have employee labor unions, however, National Linen does not have any affiliation with the various group functions as such:

1. Atlanta Linen Service, Atlanta, Ga., 8/9/53 - 8/9/55
2. Birmingham Linen Service, Birmingham, Ala., 9/1/53 - 8/31/55

XVI. MISCELLANEOUS

T. G. WARE related in regard to the law suit brought against National Linen by Texas Linen Service in Corpus Christi, Texas, that National Linen gave free service to certain of its own customers to maintain business. He stated that Mr. SMOTHERS, who operates Texas Linen Service, heard that National Linen was sending a sales crew into the area to solicit business and that he immediately began cutting prices. WARE stated that the price structure in Corpus Christi was higher than National Linen's general average price throughout the country. WARE said that National Linen's prices were later cut below Texas Linen Service prices after Texas Linen had started a price war.

SIDNEY H. VICKNAIR, who operates Superior Aluminum Awning Company, Atlanta, Georgia, and whose official association with National Linen was terminated on December 1, 1953, advised during an interview on December 1, 1953, that National Linen had, in the past, given free service in Texas but that the corporation had no set policy in this regard. He said the corporation also maintains restrictive agreements with its customers, but that the agreements in several states actually have no legal effect but are entered into nevertheless for psychological reasons.

NAT LEVINE, Sales Manager of National Linen, stated the corporation has no policy permitting free service to customers. He continued that where a deviation in price may have been made by any plant manager or sales manager, it was done without official sanction of National Linen. From time to time competitors' prices have been met, he said, but a general average price for the corporation's various services is maintained.

It is pointed out in the above regard that LEVINE was appointed Sales Manager of the Corporation's Sales Promotion throughout the country in approximately June, 1953, and by his own statement is not cognizant of the general overall policy for the entire country actually in effect prior to June, 1953.

✓ Designated as Exhibit #14 of this report are documents relating to the Unfair Sales Act, an Anti-Trust Affidavit, and two letters dated October 21, 1948 and October 25, 1948, exchanged between JOE BONOWITZ,

AT 60-149

General Manager of Galland Linen Service, San Francisco, California, and S. H. VICKNAIR, Secretary of National Linen. These letters deal with the purchase of Splendid Linen Supply Company, San Francisco, California, and a restrictive agreement in connection with this purchase.

No specific comment is being made relative to the above, but/are being submitted in further support of this investigation for informational purposes. It is noted that JOE BONOWITZ after a long period of service with National Linen later terminated his association with the corporation. BONOWITZ later operated his own business, doing business as JOE BONOWITZ Linen Service, Incorporated, Chattanooga, Tennessee.

As of November 24, 1952, a law suit was outstanding between National Linen and JOE BONOWITZ, Incorporated, in Chattanooga, Tennessee. Records reflect that National Linen bought out BONOWITZ Linen Service in 1953.

ADMINISTRATIVE PAGE

In regard to S. H. VICKNAIR, former Secretary and a Director of National Linen who operates Aluminum Awning Company, Atlanta, Georgia, and who resides in Long Beach, Mississippi, and JOE BONOWITZ, Chattanooga, Tennessee, formerly manager of Galland Linen Service and later owner of JOE BONOWITZ Linen Service, Incorporated, Chattanooga, Tennessee, it is recommended that the advisability of interviews of both men concerning National Linen and its policies and activities be considered and possibly discussed with the Department. From the interview with VICKNAIR as of the date his duties as Director of National Linen were terminated on February 1, 1953, and from BONOWITZ' experiences as an employee and manager of National Linen as well as a competitor, it would appear logical that information of value may be readily available through them.

This case has been placed in a pending status in accordance with Bureau instructions in referenced letter to Atlanta dated September 28, 1953.
